Who We Are

BCGA was founded in 1917, which makes it one of the longest running non-profit goat associations in Canada!

“Our goals are to increase public awareness of the value of goats and goat producers, circulate information about breeds of goats and their care, and encourage young people with their involvement with goats and 4-H clubs.”

BCGA also ensures the goat industry concerns are heard at the provincial government level. Such as input on agriculture land reserve, MOVI working group for wild sheep and other important issues.

“Voice of the BC goat industry at the Government level”

At the Federal Government level BCGA works with the Canadian National Goat Federation on issues such as traceability on farm safety and scrapie.
